REPORT OF LIBRARY TRUSTEES

The Goshen Public Library has had another year of prosperity and usefulness. Mrs. W. L. Whipple has continued her very satisfactory work as librarian. During her temporary absence last summer, Miss Doris Nelson was her faithful substitute.

Thirty-three new volumes have been added to the library by purchase, also a subscription to the Granite Monthly, which, with Good Housekeeping, the gift of Mrs. Stevens of Plymouth, Mass., and the Dearborn Independent, are on our reading table.

Our thanks are due Mrs. Lloyd Alexander of Newport for a fine portrait of her mother, Mrs. Emma A. Sholes, who was our first librarian after the dedication of the present building. We are looking forward to another year of progress and prosperity.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Goshen:

I herewith submit my fifth annual report for your consideration.

Everything in this life requires about so much sacrifice and patience, if it is worthwhile, in order to get satisfactory results. We entered upon the Cadet plan this year at the Number five school with some reluctance and open-mindedness with a desire to let the system prove its worth. To date, with one exception, we have had some capable teachers there and I believe it would be almost an unanimous opinion that we have had a good school. There will be but one more teacher to the end of the year in June.

I believe from those who have already taught there, we can employ one as a successful teacher there for next year. I believe this choice will be pleasing to all in this neighborhood. The other advantage in having the school will be to help us get a line on another successful teacher for next year. We shall hope to do this by the end of this school year. From the above it will be plain to see that we shall not have a Cadet School for next year.

It is always an unfortunate incident when we sign a teacher for a school, thinking she is the right person for the place, to have some unforeseen incident happen to deprive us of her services. This is just what happened at Mill Village last fall. Miss Pray signed her contract in good faith, not knowing that she would have that incurable trouble — homesickness. Such being the case, it became necessary for us to seek someone to take her place. Among six candidates, Miss Helen M. Verrill was elected to the position. Miss Verrill had had one year of training at Farmington (Maine) Normal School, with no experience. I am sure the Board and myself feel that she was a happy

choice to fill the vacancy. She has possessed those qualities which lead to success of, industry, congeniality, and a fine spirit of co-operation. Miss Verrill plans to complete her Normal School training next year at Keene. I am sure I speak the sentiment of her pupils when I say that they must feel that she has untiringly devoted herself to their interest this year and that we shall finish the year, having made the desired progress, in spite of the handicap with which we entered upon the year.

HIGH SCHOOL

We have sent to the Towle High School, this year, at Newport, eight pupils, as follows:

1. Isabel R. Lamare Senior Class
2. John G. Pike, Jr. Junior Class
3. E. Claude Bartlett Sophomore Class
4. Doris C. Nelson Sophomore Class
5. Helen S. Nelson Sophomore Class
6. Edith F. Pike Sophomore Class
7. Roscoe H. Scranton Sophomore Class
8. Harry G. Bartlett Freshman Class

Up to last year, Newport had charged \$50.00 per year for high school tuition. During the summer the Newport School Board, in consideration of the fact that the per pupil cost for running the high school had mounted to \$117.50, it was voted to increase the tuition charges from \$50.00 to \$75.00. This fact could not be foreseen when the Budget was made up. Another factor entering into the high school tuition cost that cannot always be foretold is the number of pupils to expect to have going to high school.

The two school houses now used are in very acceptable condition. Our school equipment is quite adequate for our needs. The other important factor entering into school work is trained teachers. The State is graduating from its Normal Schools each year, more than enough teachers to fill the vacancies occurring each year. The State Board is quite insistent that these graduates be given positions in preference to others wherever it is possible. With this condition obtaining it will be possible for us to get superior teachers for our two schools, provided we can know whom to chose. This, again, is the advantage our Cadet school is making possible this year. The directors at the Normal School have been very considerate and co-operative this year in that we have not been obliged to keep a teacher any beyond the time she has not seemed efficient. We are being permitted to keep Miss Montgomery for the full winter term of twelve weeks in accordance with our desire.

It has been a real pleasure to work with the Goshen Board and the citizens of Goshen for the promotion of the educational interest of our young people. Nothing is more important in any age than building for well trained minds that they may do better the duties that must naturally come to them in the natural course of events of a life time.

Respectfully submitted,

TRUE C. MORRILL,

Superintendent of Schools.
